TRITON® QUICKSTART IMPLEMENTATION PACKAGE

TRITON AP-Email
On Site Delivery, Large/Enterprise Company

Part Number: E050-X-XX00-N
TRITON AP-Email - Low Complexity QuickStart Implementation
Overview

Proficiency and precision are necessary to effectively implement quality security solutions. To help you get the most out of your Websense® Email Security Gateway solution, Websense provides implementation packages to:

• Deploy your solution efficiently and effectively
• Optimize your security policies
• Maximize your satisfaction with the implementation process

Deliverables and Responsibilities

Delivery personnel will work closely with client staff to perform the following activities:

• Facilitate a kick-off meeting to provide an overview of the engagement process including the responsibilities of each party
• Plan and schedule the installation and implementation activities
• Support the completion of the following activities within the framework of the environment size
  • Creation and validation of design diagrams and design analysis
  • Creation of onsite checklists to help the client prepare for the onsite engagement
  • Validation of all Websense solution components including TRITON Management Server (Includes activities associated with the TRITON Management Server Implementation package)
  • Configuration and testing of all solution servers, Websense Email Gateways
  • Configuration of pertinent mail flows, anti-virus & anti-spam, Websense cloud encryption, and integration between TRITON Manager and V10000/V5000 appliance

• Knowledge Transfer
  • System and Architecture Overview
  • System Navigation
  • Rule/Policy Creation
  • User/Group Creation
  • Local Events, Alerting and Settings
  • Basic Reporting and Workflow

Client Requirements, Responsibilities and Resource Availability

• Websense licenses
• SQL database and database accounts
• AD service account
• Ability to make network and email flow changes
• Availability of infrastructure, management, and network resources
• Ability to send test traffic to all servers
• Scheduled downtime

Client will be contacted within 48 hours of their order being processed to schedule the project kick-off call. Actual engagement dates will be determined during the kick-off call.
TRITON QUICKSTART IMPLEMENTATION PACKAGE
