TRITON® QUICKSTART
ADD-ON PACKAGE

Extensive DLP Tuning
Remote Delivery,
Small/Mid-size Company

Part Number: DTA2-X-XX00-N
Extensive DLP Tuning Add-on Implementation
TRITON QUICKSTART ADD-ON PACKAGE

Overview

Proficiency and precision are necessary to effectively implement quality security solutions. To help you get the most out of your Websense® Data Security Suite solution, Websense provides implementation packages to:

- Deploy your solution efficiently and effectively
- Optimize your security policies
- Maximize your satisfaction with the implementation process

Deliverables and Responsibilities

Delivery personnel will work closely with client staff to perform the following activities:

- Facilitate a kick-off meeting to provide an overview of the engagement process, including the responsibilities of each party
- Plan and schedule tuning activities
- Support the completion of the following activities within the framework of the environment size:
  - Weekly review of High & Medium severity incidents
  - Policy creation
  - Policy/Rule tuning
  - Incident assignment
- Knowledge Transfer
  - System and Architecture Overview
  - System Navigation
  - Rule/Policy Creation
  - User/Group Creation
  - Local Events, Alerting and Settings
  - Basic Reporting and Workflow

Client Requirements, Responsibilities and Resource Availability

The client must be able to provide the following components:

- Websense licenses
- SQL database and database accounts
- AD service account
- Availability of infrastructure, management, and network resources
- Weekly availability to review High/Medium severity incidents
- Weekly internal meetings to assess acceptable risks
- Incident investigation/remediation
- Internal end user training
- Scheduled downtime
TRITON QUICKSTART ADD-ON PACKAGE

Client will be contacted within 48 hours of their order being processed to schedule the project kick-off call. Actual engagement dates will be determined during the kick-off call.

Package Limitations

- This implementation is delivered by remote delivery resources - No onsite delivery element
- This installation will not replace a Data Security Assessment in which data is scanned and classified
- This package will not address Low severity Policies/Rules
- This package must be purchased with a TRITON QuickStart Implementation package
- The services within this offering are provided as described, with no changes

Terms & Conditions

- The implementation package is provided pursuant to the Subscription Agreement
- Implementation work must begin within 90 days of the Order or Subscriber forfeits the implementation package
- Subscriber’s assent to the Subscription Agreement constitutes acceptance of the above terms and conditions
- Deliverables within this package are non-negotiable

Applicable add-on Options

- Performance Tuning - DLP: Creates customized DLP policies/rules utilizing custom classifiers to better address unique, unstructured data loss incidents.
- Additional implementation options are available at www.websense.com/QuickStart
