## Legal Notice

No part of this document shall be reproduced, stored in a retrieval system, or transmitted by any means, electronic, mechanical, photocopying, recording, or otherwise, without written permission from the company. No patent liability is assumed with respect to the use of the information contained herein. Although every precaution has been taken in the preparation of this document, the authors and the company assume no responsibility for errors or omissions. Neither is any liability assumed for damages resulting from the use of the information contained herein.

All terms mentioned in this document that are known to be trademarks or service marks have been appropriately capitalized. The company cannot attest to the accuracy of this information. Use of a term in this document should not be regarded as affecting the validity of any trademark or service mark.

Every effort has been made to make this document as complete and as accurate as possible, but no warranty or completeness is implied. The provided information is on an "as is" basis. The authors and the company shall have neither liability nor responsibility for any loss or damages arising from the information contained in this document. Printed in the United States of America.

**This document contains proprietary information and is furnished for evaluation purposes only, and, except with written permission of the vendor, such information shall not be published, or disclosed to others, or used for any other purpose, or duplicated in whole or in part.**

## Attributions

All terms mentioned in this document that are known to be trademarks or service marks have been appropriately capitalized. The company cannot attest to the accuracy of this information. Use of a term in this document should not be regarded as affecting the validity of any trademark or service mark.

Linux® is the registered trademark of Linus Torvalds in the U.S. and other countries.

The 3.4.2.3 patch is cumulative and can update any 3.4.2.x FBA system.

## Improvements

### H2 DATABASE LIBRARY

The H2 Database library was eliminated from the queue worker to address vulnerabilities.

## Bug Fixes

### USER TIMELINE EVENT VIEW FILTER

The slider was not correctly filtering based on risk scores. (**EI-33451**)
