Release Notes: Topic 80017 / Updated: 24-June-2011

Applies To:	Websense Content Gateway v7.5.5
--------------------	---------------------------------

How do I get the patch files?

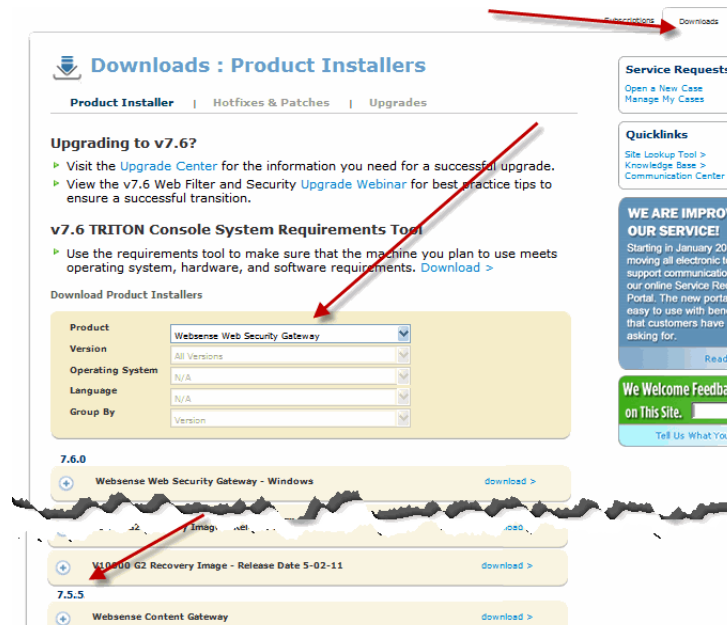

Data Security integration

Websense Content Gateway v7.5.5 can now be integrated with Policy Engine v7.5.9 or later.

How do I get the patch files?

Go to MyWebsense.com and log in.

Then choose the **Downloads** tab, and Websense Web Security Gateway or Websense Web Security Gateway Anywhere, as shown in this screen:

Data Security integration

Websense Content Gateway v7.5.5 is compatible with all v7.5 versions of the Data Security Management Server, including v7.5.3 and later, but Websense recommends that customers upgrade to Data Security v7.5.3 prior to upgrading to Content Gateway v7.5.5.

Websense Content Gateway v7.5.5 can now be integrated with Policy Engine v7.5.9 or later.
